

Solve the following systems by graphing.

5. 	30. 
---	--

Use substitution or elimination to solve the following systems.

14.	15.
20.	23.
57.	62.

9a.	9b.	9c.
------------	------------	------------

Use your calculator to graph and the intersect key to find the intersection. State whether the graph are consistent and dependent, consistent and independent or inconsistent.

10.	11.	12.
------------	------------	------------

36.	49.
------------	------------

68.	70.
------------	------------

71.	76.
------------	------------
