

**Algebra 2**  
**3.4 youTube**

**Name:** \_\_\_\_\_

**Let's practice...** <http://www.youtube.com/watch?v=g6FQBflwf3w>

$$4x + 2y + 3z = 1$$

$$2x - 3y + 5z = -14$$

$$6x - y + 4z = -1$$

**Check Point:**

$$5x + 3y + 2z = 2$$

$$2x + y - z = 5$$

$$x + 4y + 2z = 16$$
